(SDS sec. 4.1)

**Product Concentrated**

**At Use Dilution**

**Firefighting measures:**  
(SDS sec. 5.1)

**Special requirements:**  
(SDS sec. 7.2)

<b>Eye contact</b>	If in eyes: Flush eyes immediately with plenty of water or isotonic water (20-30 °C) for at least 5 minutes and continue until irritation stops. Remove contact lenses. Make sure to flush under upper and lower eyelids. If irritation continues, contact a doctor
<b>Skin contact</b>	Upon irritation: rinse with water. In the event of continued irritation, seek medical assistance
<b>If inhaled</b>	Inhalation: Avoid inhaling product, move to fresh air if in discomfort.
<b>If swallowed</b>	Ingestion: Do not drink, if swallowed drinking water may be beneficial, do not induce vomiting. If eye irritation persists: Get medical advice/attention

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Store in a cool dry room. Do not mix with other chemicals.

**Accidental Release Measures**

- If an accidental release occurs ensure people and colleagues are moved away.
- Ensure the spill is dealt with by trained colleagues (i.e. know how to deal with spills and how to use spill kits) and wear appropriate PPE.
- Follow the Immediate **Spill Response Plan** contained within the **Environment Toolkit** and the **Unit Managers Emergency Manual**.
- If you have any queries please contact your **HSE Manager**.
