Cargo bikes

Safety Task Card STCGE 53

Unit Managers – use page overleaf to list any hazards and control measures specific to your site which are not listed below

Safe System of Work

1. Only ride a cargo bike if you are physically fit and have completed the relevant training, including *OPS19 Use of Bicycles, Electric Bicycles and E-Scooters* and *STCGEXX Biles, e-bikes and e-scooters*.
2. Follow the manufacturer's instructions where available and adhere to loading instructions and limits for the cargo box.
3. Ensure you are familiar with any locking mechanism and that the cargo box is locked when not being accessed.
4. Make sure that loads do not obstruct visibility and that they are secure.
5. Ensure the load is balanced and evenly distributed .
6. The cargo box may only be used to transport goods and under no circumstances can animals or people be transported.
7. Do not ride the bike up curbs and avoid tight corners.
8. If the bike is fitted with a rain cover, the windows must be kept clean and clear,

If you have any concerns, stop and speak with your line manager before proceeding.
