Safety Task Card

STCCS 114

Edible printers

Unit Managers – use page overleaf to list any hazards and control measures specific to your site which are not listed below

Safe System of Work

1. Equipment must be positioned on a level and stable surfaces, away from the edge of the work surface or table and in a well-ventilated area.
2. Do not leave equipment unattended during use.
3. Follow safe manual handling practices when moving equipment.
4. Switch off and isolate the equipment and allow it to cool down before attempting to remove any food stuck inside the machine and before cleaning.
5. Do not use a water-based solution to clean inside the equipment.

If you have any concerns, stop and speak with your line manager before proceeding.
