

Knife Bags and Cases

As a chef, your knives are your tools, and you take pride in keeping them sharp and in good condition. However, you also need to make sure that you transport and store them safely and hygienically.

- Make sure all knives are **secure** in your knife bag or case – that they **don't protrude** and **can't slip out**
- All exposed blades should have a **blade shield** when they are stored in a knife bag or case
- When not in use, your knife bag or case must be **closed** and stored it in a **safe location**
- When using knives, check those still in the knife bag or case are **not exposed**, but safely stored to avoid accidental contact by others working in the area
- Keep your knife bag or case **clean** – regularly empty it, **remove debris** and wash or **sanitise** it
