|                         |
|                         |
|                         |
|                         |
|                         |
|                         |

| FIRST AID KITS ARE LOCATED:         |
|-------------------------------------|
|                                     |
|                                     |
|                                     |
|                                     |
|                                     |
| H OUR NEAREST HOSPITAL WITH A&E IS: |
|                                     |
|                                     |

## In An Emergency Call:

Remember all incidents must be reported to your supervisor or manager as soon as possible and must be recorded on the All Incident Reporting (AIR) System.
