HS/TC/005/03 – August 2017

READ BEFORE STARTING

Wear PPE where advised in each step

GLOVES & GOGGLES

The hazard pictogram on the product container may be different to that on this CPA & Task Cards. You MUST refer to the CPAs & Task Cards for your PPE Requirements

Aseptopol EL75

Assert Lemon

1 Fill sink to required level of water and add 1 to 2 pumps (10ml-20ml) of Assert Lemon via pelican pump

3 Allow contact time for 5-10 minutes for soils to loosen

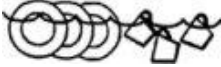

5 Fill the second stage to required level of water and add Aseptopol x2 pumps (60ml) per 10litres of water via pelican pump

7 Rinse with clean water

2 Remove soil as needed and submerge items in sink.

4 Scrub items with pad or brush to remove all soils if necessary and rinse with clean water.

6 Place items in second stage sink/bowl allow contact time of 5 minutes

8 Leave to air dry

If in any doubt about the PPE required, please refer to the separate COSHH Product Assessment or your HSE Manager
