

Bendurool Ultra – HEAVY DUTY FLOOR POLISH STRIPPING

Version 1 – August 2019 HS.TC.098.01

READ BEFORE STARTING

Wear PPE where advised in each step

SAFETY GLASSES WITH SIDE SHIELDS & GLOVES

You MUST refer to the CPAs & Task Cards for your PPE Requirements

Use to remove stubborn hard to remove floor polish. Not suitable for linoleum, rubber floors, wooden floors, laminate and textile floors. **If in any doubt about the floor type, contact your Ecolab Territory Manager BEFORE use**

1

Fill bucket with required level of water

2

Dispense Bendurool Ultra into water via the Pelican pump from 1.6L per 5L of water – *Dependant upon polish to remove*

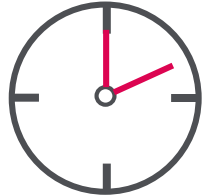

3

Apply solution to floor with mop

4

Leave in contact for 10 minutes

5

Use scrubbing machine to scrub and pick up wet solution

6

Rinse with clean water and dry with mop

Reminder - Always dispense into water

If in any doubt about the PPE required, please refer to the separate COSHH Product Assessment or your HSE Manager
