Stage 5	Place new cap on old bottle and dispose of or recycle
Refer to the Topmatic Crystal and Toprinse Crystal Glasswashing Task Card for product application details.	
<u>When removing or replacing trigger/feed pump ensure that correct PPE is used.</u>	

First Aid Information:

Product Concentrated

At Use Dilution

Eye contact	Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
Skin contact	Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
If inhaled	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur. In case of inhalation of decomposition products in a fire, symptoms may be delayed.
If swallowed	Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Firefighting measures:

Special requirements:

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Store in a cool dry room. Do not mix with other chemicals.

Accidental Release Measures	
<ul style="list-style-type: none"> • If an accidental release occurs ensure people and colleagues are moved away. • Ensure the spill is dealt with by trained colleagues (i.e. know how to deal with spills and how to use spill kits) and wear appropriate PPE. • Follow the Immediate Spill Response Plan contained within the Environment Toolkit and the Unit Managers Emergency Manual. • If you have any queries please contact your HSE Manager or the HSE Helpline on 0121 457 5194.
