

Freedrain – DRAIN CLEANING/MAINTENANCE

HS/TC/018/03 – August 2017

READ BEFORE STARTING

Wear PPE in each step

GLOVES

You MUST refer to the CPAs & Task Cards for your PPE Requirements

Not a hazardous substance or mixture.

1

Remove cap from empty bottle and carefully remove the feed pipe

2

Remove empty container and place new container in the basket

3

Remove cap and then carefully place the feed pipe back into the bottle

4

Retighten the cap

5

Dispose of empty containers responsibly, always replace the cap

Freedrain is automatically dispensed into the drain; the dilution is set by your Territory Manager

To change container follow the instructions above
